

(b) A carrier may require up to 48 hours advance notice and one-hour advance check-in concerning a qualified individual with a disability who wishes to receive any of the following services, types of equipment, or accommodations:

(1) Medical oxygen for use on board the aircraft, if this service is available on the flight;

(2) Carriage of an incubator, if this service is available on the flight;

(3) Hook-up for a respirator to the aircraft electrical power supply, if this service is available on the flight;

(4) Accommodation for a passenger who must travel in a stretcher, if this service is available on the flight;

(5) Transportation for an electric wheelchair on a flight scheduled to be made with an aircraft with fewer than 60 seats;

(6) Provision by the carrier of hazardous materials packaging for a battery for a wheelchair or other assistive device;

(7) Accommodation for a group of ten or more qualified individuals with a disability, who make reservations and travel as a group; and

(8) Provision of an on-board wheelchair on an aircraft that does not have an accessible lavatory.

(c) If a passenger does not meet advance notice or check-in requirements established by a carrier consistent with this section, the carrier shall nonetheless provide the service, equipment, or accommodation if it can do so by making a reasonable effort, without delaying the flight.

(d) Carriers' reservation and other administrative systems shall ensure that when advance notice is provided by qualified individuals with a disability as provided by this section, the notice is recorded and properly transmitted to operating employees responsible for providing the accommodation concerning which notice was provided.

(e) If the qualified individual with a disability provides the notice required by the carrier for a service under paragraph (b) of this section, the carrier shall ensure that the requested service is provided.

(f) If a qualified individual with a disability provides advance notice to a carrier, and the individual is forced to

change to the flight of a different carrier because of the cancellation of the original flight or the substitution of inaccessible equipment, the first carrier shall, to the maximum extent feasible, provide assistance to the second carrier in providing the accommodation requested by the individual from the first carrier.

§ 382.35 Attendants.

(a) Except as provided in this section, a carrier shall not require that a qualified individual with a disability travel with an attendant as a condition of being provided air transportation. A concern on the part of carrier personnel that a individual with a disability may need to use inaccessible lavatory facilities or may otherwise need extensive special assistance for personal needs which carrier personnel are not obligated to provide is not a basis on which the carrier may require an attendant.

(b) A carrier may require that a qualified individual with a disability meeting any of the following criteria travel with an attendant as a condition of being provided air transportation, if the carrier determines that an attendant is essential for safety:

(1) A person traveling in a stretcher or incubator. The attendant for such a person must be capable of attending to the passenger's in-flight medical needs;

(2) A person who, because of a mental disability, is unable to comprehend or respond appropriately to safety instructions from carrier personnel, including the safety briefing required by 14 CFR 121.571(a)(3) and (a)(4) or 14 CFR 135.117(b);

(3) A person with a mobility impairment so severe that the person is unable to assist in his or her own evacuation of the aircraft;

(4) A person who has both severe hearing and severe vision impairments, if the person cannot establish some means of communication with carrier personnel, adequate to permit transmission of the safety briefing required by 14 CFR 121.571(a)(3) and (a)(4) or 14 CFR 135.117(b).

(c) If the carrier determines that a person meeting the criteria of paragraph (b)(2), (b)(3) or (b)(4) of this section must travel with an attendant,

§ 382.37

14 CFR Ch. II (1–1–01 Edition)

contrary to the individual's self-assessment that he or she is capable of traveling independently, the carrier shall not charge for the transportation of the attendant.

(d) If, because there is not a seat available on a flight for an attendant whom the carrier has determined to be necessary, a handicapped person with a confirmed reservation is unable to travel on the flight, the handicapped person shall be eligible for denied boarding compensation under 14 CFR part 250.

(e) For purposes of determining whether a seat is available for an attendant, the attendant shall be deemed to have checked in at the same time as the handicapped person.

§ 382.37 Seat assignments.

(a) Carriers shall not exclude any qualified individual with a disability from any seat in an exit row or other location or require that a qualified individual with a disability sit in any particular seat, on the basis of disability, except in order to comply with the requirements of an FAA safety regulation or as provided in this section.

(b) If a person's disability results in involuntary active behavior that would result in the person properly being refused transportation under § 382.31, and the safety problem could be mitigated to a degree that would permit the person to be transported consistent with safety if the person is seated in a particular location, the carrier shall offer the person that particular seat location as an alternative to being refused transportation.

(c) If a service animal cannot be accommodated at the seat location of the qualified individual with a disability whom the animal is accompanying (see § 382.55(a)(2)), the carrier shall offer the passenger the opportunity to move with the animal to a seat location, if present on the aircraft, where the animal can be accommodated, as an alternative to requiring that the animal travel with checked baggage.

§ 382.38 Seating accommodations.

(a) On request of an individual who self-identifies to a carrier as having a disability specified in this paragraph, the carrier shall provide the following

seating accommodations, subject to the provisions of this section:

(1) For a passenger who uses an aisle chair to access the aircraft and who cannot readily transfer over a fixed aisle armrest, the carrier shall provide a seat in a row with a movable aisle armrest.

(2) The carrier shall provide a seat next to a passenger traveling with a disability for a person assisting the individual in the following circumstances:

(i) When an individual with a disability is traveling with a personal care attendant who will be performing a function for the individual during the flight that airline personnel are not required to perform (e.g., assistance with eating);

(ii) When an individual with a vision impairment is traveling with a reader/assistant who will be performing functions for the individual during the flight; or

(iii) When an individual with a hearing impairment is traveling with an interpreter who will be performing functions for the individual during the flight.

(3) For an individual traveling with a service animal, the carrier shall provide, as the individual requests, either a bulkhead seat or a seat other than a bulkhead seat.

(4) For a person with a fused or immobilized leg, the carrier shall provide a bulkhead seat or other seat that provides greater legroom than other seats, on the side of an aisle that better accommodates the individual's disability.

(b) A carrier that provides advance seat assignments shall comply with the requirements of paragraph (a) of this section by any of the following methods:

(1) The carrier may "block" an adequate number of the seats used to provide the seating accommodations required by this section.

(i) The carrier shall not assign these seats to passengers not needing seating accommodations provided under this paragraph until 24 hours before the scheduled departure of the flight.

(ii) At any time up until 24 hours before the scheduled departure of the flight, the carrier shall assign a seat
